

1. What was one thing you learned from the reading, discussion or assignment? Passing parameters, I needed to brush up and I think it's embedded now.
2. What is one question you have after this week's work was completed? Did I post the video correctly via submission or was I too post the video in the discussion area?
3. What was the hardest part of this week? Making the two videos. It took me a few mins to learn the software.
4. What was the easiest part of this week? Coding the two assignments
5. How long do you estimate you spend on the material for this week? About 3 days reading the material (book and runstone website)
